## Update on the progress of the Business Rescue Process:

The business rescue followed the course as dictated above.

Various consultations have been held with the creditors over a period of a few months and feedback was received from these creditors. This information is still being used to draft the proposed business rescue plan. Unfortunately there is still some information outstanding and submissions of claims that are still awaited – this is the reason for the 5<sup>th</sup> meeting of creditors that has been called for the 8<sup>th</sup> of August – to discuss the delays in the publication.

As of today's date – the plan will be published shortly – there was an intention of publishing the plan by the first of September, but due to further developments and information required for the publication of the plan – this has been postponed further.

Once the final documentation and information was obtained during the month of September, the practitioners were able to complete the business rescue plan and publish same to the affected persons for their consideration. This publication took place on the 2<sup>nd</sup> of October 2023. The plan is also available on the website of the rescue practitioners and can be viewed there. The voting will take place on the 10<sup>th</sup> of October 2023.

The business rescue plan was voted on during the meeting to vote on the 10<sup>th</sup> of October 2023.

The plan was adopted unanimously by those creditors who were present at the meeting the meeting to vote and who exercised their right to vote. This means that the business rescue plan is adopted as of the date of voting.

The auction as proposed has also taken place since the adoption of the plan, the outcome of that auction will be circulated shortly once confirmation has been received from the secured creditor as per the rescue plan.
