5. UPDATE

Van Zyl and associates have been contracted to assist with debt collection on the business and will also assist with the mediation process as discussed in the 5th meeting of creditors.

The ongoing projects at Sterkspruit College and other Housing projects were discussed in the meeting at length.

The 7th Meeting of Creditors has been scheduled for the 6th of June 2022. The meeting will be held in accordance with the commitment made by the practitioners at the commencement of the business rescue.

A full update regarding the ongoing dispute resolution will be discussed and ongoing projects will be addressed by the director of the business.

The practitioner confirmed that although historic debt is not yet being serviced due to the delay in the adjudication process, thus holding up the publication of the business rescue plan. The practitioner is however happy to announce that the debt of the business is not increasing as monthly expenses are being paid as and when they become due.

A more detailed update regarding the dates of the adjudication and expected outcome of same were discussed in the meeting.

The practitioner confirmed that the adjudication (as at the date of composing this report – 20 July 2022) had been completed and the adjudication had gone in our favour. A full report of this adjudication will be given at the next meeting (scheduled for the 22nd of July 2022) and any further queries that are logged will be dealt with in that meeting.

Two meetings were held in July, one on the 8th of July and the other on the 22nd of July. At both meetings the practitioner provided general updates on the business rescue proceedings and confirmed that the business rescue plan would be published to the affected persons by no later than the 19th of August 2022.

The business rescue plan was, with consent from the creditors, published to the affected persons on the business on the 22nd of August 2022.

The affected persons will now have until the 5th of September to review this business rescue plan and to present to the practitioners any amendments that they would like to have included in the plan.

Should the affected persons wish to have any amendments affected to the plan, the practitioners again request that these requests be sent to the practitioner prior to the meeting to vote so that they can be added to the agenda for the meeting to discuss the possible inclusion of these amendments into the business rescue plan.

The vote took place during the meeting specifically called for such purpose. The vote was unanimous in favour of the adoption of the business rescue plan with minor amendments made during the meeting. These amendments had no material effect on the business rescue plan, they were merely for clarification purposes.

The business rescue plan was adopted and the implementation thereof is underway. The business is currently still waiting for the department of Higher Education to release payment of the funds that are due by them in terms of the business rescue plan and the adjudication award that was granted in favour of Upahla Construction.

There has been no real further progress as the department of Higher Education has still not made payment towards the debt that is due by them to Upahla Construction. Various demands have been made by Upahla Construction and the business rescue practitioners in an attempt to secure these funds so that the business rescue process may come to an end.

Should you wish to check the full details of the meetings held, all minutes and outcomes of these meetings is on the website at <https://pattinson.biz/document-library>
